WHITE DAY CELEBRATION

Respected Parents,

The white colour is an inherently positive colour, associated with purity, innocence, light, goodness, brilliance, faith and perfection. The colour white represents a successful beginning. In order to infuse the concept of white colour to the tiny toddlers, our school will be celebrating **WHITE DAY** virtually on **07/09/2021**.

Note : The kids will have to wear white coloured dresses and keep white coloured things as Balloons, Caps, Flowers etc. on the day at home during the celebration.
